The project will consist of installing a raised flooring grid system in Courtroom 6B. This request will be competitively bid among several vendors. Email your quote no later than the date and time specified above. Late quotes will not be considered unless the judiciary determines, at its own discretion, that considering the late quote is in the judiciary's best interest and will not unduly delay the procurement. This request does not commit the government to paying any costs incurred in preparing your offer for submission or to contracting for supplies or services should none of the vendors meet the necessary specifications.
